## Self-evaluation

---

I am conscientious and responsible, proactive, able to bear hardships and stand hard work, better to complete their tasks and work, learned more knowledge in the process of work, accumulated more valuable experience. I have a high sense of responsibility, good communication with people, strong organizational and coordination ability, strong environmental adaptability, good and stable psychological quality. I firmly believe that as long as there is self-confidence, perseverance, give full play to their wisdom and learning ability, we can constantly improve ourselves and create value for the company.
